

Paediatricists & Allergists (Peninsula Paediatrics & Allergy Centre)

Phone

9781 3711

Service Description

Provide Paediatricists and Allergists to help educate and increase understanding to parents and children to enable them to better manage their medical problems. Conditions may include allergy testing and desensitization, eczema (skin conditions) or anaphylaxis (a severe and potentially life threatening reaction of the body in response to exposure to a food, insect bite or sting or a drug).

Costs

Fee for service - contact service directly (private clinic)
