Service Description

Linking Youth & Families Together (LYFT) assists young people (aged 12-21 years) and those most influential in their system to address difficulties associated with alcohol and drug issues in young people. This is achieved by supporting young people to make positive choices and reduce harm, strengthen family relationships and improve family functioning as well as ensuring that families receive the support they need via formal and informal supports.

Participation Length

Other - A typical LYFT intervention involves 12 sessions with a young person and their family, with flexibility to adapt the length of the intervention as appropriate. LYFT provides a flexible approach to assessment, planning, intervention and review across these sessions.
