

Find a Psychologist (Australian Psychological Society)

Website

<http://www.psychology.org.au/FaP/>

Service Description

Provides an online directory to help you find a local psychologist. Psychologists are experts in human behaviour, having studied the brain, memory, learning, human development and the processes determining how people think, feel, behave and react. Psychologists apply their expertise using reliable and scientifically supported methods. Psychological treatments are widely used to assist individuals and families and can also help groups and organisations. Go to Find a Psychologist.
