Service Description

Provides support to children with a disability who require help with transitioning into or during kindergarten. Assists to increase participation and inclusion in everyday activities. Also provides specialised services for children with disability within their home, community and school, from birth through to high school graduation. Yooralla recognise that each child is unique and that parents and carers are best placed to know their child's needs. Yooralla supports your child's learning, development, health and care needs, helping you to ensure their wellbeing as they progress through childhood.
